Brand Story

What's Gelamang?

The local tourism hyper-local enabler of Lombok.

We are the digital bridge for Lombok's grassroots tourism. Gelamang exists to strip away the friction between global travelers and authentic, hyper-local vendors. We don't just list services; we digitalize the hustle of local operators, giving them the stage and the tech they deserve to compete. We level the playing field.

That's why Gelamang isn't just a noun or a platform—it's an action. It means to connect, to empower, and to move Lombok forward.

So, what's Gelamang? It's a verb.

Logo Design Considerations

Hyper-Local Roots

Rooted in Lombok's DNA. The converging shapes subtly mirror the island's coastal waves and natural elements. It represents our commitment to keeping the authentic, grassroots spirit alive, ensuring local identity is never erased by digitalization.

Frictionless Flow

Built for motion. The swirling, continuous pattern of the emblem reflects the seamless digital ecosystem we are creating. It symbolizes how we transform a fragmented, complex local market into a smooth, hassle-free experience for everyone.

The Direct Pin

Pinpointing real value. The peak of the logo forms a location drop-pin, acting as a beacon. It stands for our core mission: connecting global travelers directly to the right grassroots vendors with zero middlemen and pure transparency..
